Stanford

Sharon Krossa

Affiliate, School of Medicine - CMGM

Bio

BIO

Sharon blames (in chronological order) her parents, CS Lewis, Brother Alfred, Clan Colin & the original Renaissance Pleasure Faire North, HyperCard, Grant G. Simpson, Stanford, her therapist, Drupal, and her husband for where she is now. Note that her bio, honors and awards, and publications are bogus. (Well, the bio is real, but the rest are purely for testing purposes. It's her job, honest.)
