

Stanford

Ishaan Gupta

Undergraduate, Vice Provost for Undergraduate Education

Bio

BIO

Hello! My name is Ishaan Gupta and I am currently a freshman at Stanford University! I am looking to study economics and possibly double major or co-term in computer science or public policy. I have been involved in the economic realm for a while, and am currently exploring how I can expand this passion through gaining more knowledge and actively involving myself in new projects. Please reach out in the email listed on my profile for inquiry.

Thank you!
