

Kimberly DeQuattro, MD, MM

Clinical Assistant Professor, Medicine - Immunology & Rheumatology

CLINICAL OFFICE (PRIMARY)

- **Immunology and Rheumatology Clinic**

900 Blake Wilbur Dr

Palo Alto, CA 94304

Tel (650) 723-6961 Fax (650) 723-3059

Bio

BIO

Dr. Kimberly DeQuattro is a board-certified, rheumatologist at Stanford Health Care and a clinical assistant professor in the Department of Medicine, Division of Immunology and Rheumatology at Stanford University School of Medicine.

Dr. DeQuattro specializes in the care of people with systemic lupus erythematosus as well as adolescents and young adults with childhood onset rheumatologic conditions. Her clinical focus includes systemic lupus erythematosus, lupus nephritis, juvenile idiopathic arthritis, and the transition from pediatric to adult rheumatology care.

She has special expertise in treating complex lupus, including kidney disease (lupus nephritis) and reproductive health concerns linked to autoimmune conditions. Her team-based, trauma-informed approach considers not only medical needs but also social factors that affect health, making sure care is fair and comprehensive.

Her research looks at how lupus affects people differently, especially in underserved groups, and how stress and trauma can impact the course of the disease. She also studies ways to help young patients move smoothly from pediatric to adult care. Dr. DeQuattro has helped lead team-based lupus clinics and support programs that include social workers. She also works on clinical trials testing new treatments, including CAR T-cell therapy, for patients with hard-to-treat lupus.

Dr. DeQuattro's work has been featured at national meetings including the American College of Rheumatology (ACR) and the Society of General Internal Medicine. She has authored book chapters and collaborated on more than 20 articles in peer-reviewed publications, including Arthritis Care & Research, Lupus Science & Medicine, and Rheumatology. Her work has covered topics such as lupus, lupus nephritis, pediatric to adult rheumatology, and health equity. In 2024 and 2025, she contributed to the ACR's updated clinical guidelines for lupus nephritis and lupus. She serves on key ACR working groups.

She is a member of the American College of Rheumatology and the Childhood Arthritis and Rheumatology Research Alliance.

CLINICAL FOCUS

- Rheumatology

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Medicine - Immunology & Rheumatology

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, Childhood Arthritis and Rheumatology Research Alliance (CARRA) (2017 - present)
- Member, American College of Rheumatology (ACR) (2014 - present)
- Member, Albert Schweitzer Fellowship (2010 - present)

PROFESSIONAL EDUCATION

- Residency: LAC USC Internal Medicine and Pediatric Residency (2016) CA
- Board Certification: Rheumatology, American Board of Internal Medicine (2019)
- Fellowship: UCSF Rheumatology Fellowship (2018) CA
- Board Certification: Internal Medicine, American Board of Internal Medicine (2016)
- Medical Education: University of Southern California Keck School of Medicine (2012) CA
