## Patricia Dionicio

Postdoctoral Scholar, Pediatric Anesthesia

---

### Bio

#### BIO

Patricia Dionicio, PhD, MPH is a postdoctoral fellow in the Department of Anesthesiology, Perioperative and Pain Medicine in the School of Medicine at Stanford University. Her research aims to reduce health disparities in pain among underserved populations through human-centered design and digital interventions. She has expertise in integrating mixed methods with longitudinal assessment tools to understand systemic and momentary factors impacting health behavior.

#### INSTITUTE AFFILIATIONS

- Member, Maternal & Child Health Research Institute (MCHRI)

#### PROFESSIONAL EDUCATION

- PhD, Joint Doctoral Program between University of California San Diego and San Diego State University , Public Health (Health Behavior) (2025)
- MPH, California State University Long Beach , Community Health Science (2020)
- BS, California State University Long Beach , Kinesiology (2017)

#### STANFORD ADVISORS

- Jennifer Rabbitts, Postdoctoral Faculty Sponsor

---
