

Celine Jia Rong Lim

Postdoctoral Scholar, Psychiatry

Bio

BIO

Dr. Celine Lim is a Child Psychology Postdoctoral Fellow focusing on adolescent Dialectical Behavior Therapy (DBT) at Stanford School of Medicine, Department of Psychiatry and Behavioral Sciences. She earned her Doctor of Psychology (Psy.D.) in Clinical Psychology from the University of Indianapolis. Dr. Lim completed her pre-doctoral internship at the SUNY Upstate Medical University on the child and adolescent track. Her clinical experience includes a wide range settings: university counseling center, community mental health, academic medical center, private practice, inpatient psychiatric units, consultation-liaison services, and primary integrated care. She has a strong interest in providing evidence-based therapy to adolescents and families struggling with severe emotional dysregulation and complex trauma histories.
