Meredith Gee

- MBA, expected graduation 2027
- Other Tech - Graduate - CDA2, Graduate School of Business - Finance

Bio

BIO

Meredith Gee is an MBA Candidate at the Stanford Graduate School of Business and a technology leader with nearly a decade of experience developing and leading early-stage ventures.

Most recently, she led product design at Akido Labs, where she created and deployed clinical AI systems that expanded care capacity across diverse operational settings. With experience spanning technology, strategy, and organizational leadership, her work focuses on the intersection of AI, policy, and global markets and innovation.

Meredith received her BA with honors in Emergent Digital Practices from the University of Denver.
