Stanford

Cory Burke McEvoy

MD Student with Scholarly Concentration in Clinical Research / Neuroscience, Behavior, and Cognition, expected graduation Spring 2030

Publications

PUBLICATIONS

- **Repetitive low-level blast exposure and brain health: State-of-the-science and clinical priorities in 2026.** *Neuroscience and biobehavioral reviews*
  Meabon, J. S., McEvoy, C., Crabtree, A., Ditzel, R., Benedict, B. A., Ivory, R. A., Hebert, J. R., Flarity, K., Buckey, J. C., Geimer, S., Mihalik, J. P., Peskind, E. R.
  2026; 192: 107052

- **Pontine pathology mediates common symptoms of blast-induced chronic mild traumatic brain injury.** *Brain communications*
  Meabon, J. S., Schindler, A. G., Murray, D. R., Colasurdo, E. A., Sikkema, C. L., Rodriguez, J. W., Omer, M., Cline, M. M., Logsdon, A. F., Cross, D. J., Richards, T. L., Meeker, K. D., Shutes-David, et al
  2026; 8 (2): fcag090

- **Repeated Exposures to Low-Level Blast Induce Acute Region-Specific Changes in the Brain and Acute Elevation in Plasma Cytokine Levels in a Mouse Model** *Neurotrauma Reports*
  Crabtree, A., McEvoy, C., Omer, M., Rodriguez, J., Charles, T., Murray, D., Ivory, R., Agoston, D., Meabon, J.
  2026

- **Pediatric Triage in the Disaster Setting** *Pediatric Considerations in Disaster Settings*
  Vu, T. T., Ravi, N., Oh, A. S., McEvoy, C.
  2025: 71-85

- **Disaster Planning and Considerations for Children** *Pediatric Considerations in Disaster Settings*
  Vu, T., Ravi, N., Oh, A., McEvoy, C.
  2025: 53-70

- **Cumulative Blast Impulse Is Predictive for Changes in Chronic Neurobehavioral Symptoms Following Low Level Blast Exposure during Military Training.** *Military medicine*
  McEvoy, C., Crabtree, A., Case, J., Means, G. E., Muench, P., Thomas, R. G., Ivory, R. A., Mihalik, J., Meabon, J. S.
  2024; 189 (9-10): e2069-e2077

- **Increased [18F]Fluorodeoxyglucose Uptake in the Left Pallidum in Military Veterans with Blast-Related Mild Traumatic Brain Injury: Potential as an Imaging Biomarker and Mediation with Executive Dysfunction and Cognitive Impairment.** *Journal of neurotrauma*
  Terry, G., Pagulayan, K. F., Muzi, M., Mayer, C., Murray, D. R., Schindler, A. G., Richards, T. L., McEvoy, C., Crabtree, A., McNamara, C., Means, G., Muench, P., Powell, et al
  2024; 41 (13-14): 1578-1596

- **Modeling Highly Repetitive Low-level Blast Exposure in Mice.** *Journal of visualized experiments : JoVE*
  Crabtree, A., McEvoy, C., Muench, P., Ivory, R. A., Rodriguez, J., Omer, M., Charles, T., Meabon, J. S.
  2024

- **Cumulative Blast Exposure Estimate Model for Special Operations Forces Combat Soldiers.** *Journal of neurotrauma*
  McEvoy, C. B., Crabtree, A., Powell, J. R., Meabon, J. S., Mihalik, J. P.
  2023; 40 (3-4): 318-325
