

Stanford

Sam Schwartz

SLAC Intern Students, SLAC National Accelerator Laboratory

Bio

BIO

Hey! I'm Sam (he/him). My research interests focus on quantum algorithms/optimization and their implementation on NISQ devices. In my free time I enjoy hiking, playing basketball/ultimate frisbee, and exploring the bay area.

CURRENT ROLE AT STANFORD

CeecS lab researcher focusing on quantum algorithmic design and thermodynamic modelling of superconducting QPUs.

EDUCATION AND CERTIFICATIONS

- MS, UCLA , Quantum Science & Technology (2025)
- BS, Washington University in St. Louis (WashU) , Computer Science (2024)
