Bio

BIO

Dr. Devika Das is a board-certified internal medicine doctor with Stanford Health Care. She is also a clinical assistant professor in the Department of Medicine, Division of Primary Care and Population Health at Stanford University School of Medicine.

Dr. Das is deeply committed to patient-centered care that provides comprehensive, personalized treatments tailored to her patients' needs. In addition to primary and preventive care, she has special interests in fibromyalgia and mental health.

Dr. Das has presented to her peers at international and national meetings, including the International Congress of Controversies in Fibromyalgia, the Society of General Internal Medicine (SGIM) Annual Meeting, the American Diabetes Association (ADA) Scientific Sessions, and the American College of Physicians (ACP) Internal Medicine Meeting.

Dr. Das is a member of the ACP, the American Medical Association, the American Medical Women's Association, and the SGIM.
