

Stanford

Sean YT Lin, DVM, MPH

- Biostatistician 2, Ophthalmology Research/Clinical Trials
- Data Scientist, Ophthalmology Research/Clinical Trials

Bio

BIO

Sean Lin is a Data Scientist within the Department of Ophthalmology. In this role, he focuses on applying advanced computational methods—including machine learning, deep learning, and biostatistics—to diverse, real-world health data. He has experience analyzing large-scale structured and unstructured datasets, such as electronic medical records (EMR/EHR), insurance claims, and clinical text.

EDUCATION AND CERTIFICATIONS

- MPH, UC Berkeley, Public Health (2024)
- DVM, National Taiwan University, Veterinary Medicine (2021)
