Bio

BIO

Teresa Vente, DO, MPH is a pediatrician, psychiatrist, and palliative care physician at Lucile Packard Children's Hospital at Stanford. Her clinical and research interests include expanding psychiatry support for pediatric palliative care patients. Her academic interests include curriculum development and medical education for trainees and clinicians at all levels. She is a facilitator for both VitalTalk and EPEC (Education in Palliative and End-of-Life Care) programs nationally and internationally. Prior to coming to Stanford, she was an assistant professor at Ann & Robert H. Lurie Children's Hospital and Northwestern University where she served as program director for the pediatric and perinatal palliative care fellowship tracks, and most recently she was an assistant professor at Weill Cornell Medicine.
