Bio

BIO

Taking PSYCH132S, PHIL37S, and FILMPROD106S during the summer quarter

I like making things that help some people (via computer stuff); digital photography; digital art (3-D modeling & 2-D raster-based); reading; writing; practical philosophy; taking walks outdoors; long-distance trail running; calisthenics; cooking. I've also been fencing for 7 years. Junior at Stanford Online High School; did some cool astrophysics stuff back in OASTR1/2. Sometimes I go out and stare at the stars (or the sun). see more @ rexdan.net (should be up by 19 June 2026)

Send me an email, and I'll get back as soon as I can!
