#### BIO

A board-certified internist and fellowship-trained nephrologist, Dr. Tan is currently medical director of the Adult Kidney and Pancreas Transplant Program at Stanford Health Care. She is a professor of medicine at Stanford University in the Department of Medicine, Division of Nephrology, where she has been a faculty member since 2000.

Dr. Tan's clinical work and research focuses on frailty and access to kidney transplants. She led the creation and use of the Transplant and Readiness Assessment Clinic at Stanford Health Care. Through this clinic, Dr. Tan provides transplant opportunities for aging patients or those with complex medical conditions that may otherwise encounter barriers to transplant. This work led to dramatic increases in transplant volumes while maintaining excellent clinical outcomes.

Dr. Tan has published research in numerous academic journals. Her studies in living donor physiology have led to better education and improved counseling in donor selection and follow-up, while her investigation of aging kidneys has led to wider and more judicious use of older donor organs for transplantation. She is the associate editor of the American Journal of Transplantation and kidney transplant section editor for UpToDate®, a leading online clinical decision support tool.

Dr. Tan received her bachelor and master of science degrees in biomedical engineering from Johns Hopkins University. She received her medical and doctor of philosophy degrees from the University of Rochester School of Medicine and Dentistry in Rochester, New York. She then completed her residency and fellowship at Beth Israel Deaconess Medical Center, a teaching affiliate of Harvard Medical School.

She is a fellow of the American Society of Transplantation and served on committees and advisory boards including the American Society of Transplantation and American Society of Nephrology.

## CLINICAL FOCUS

- Kidney and Pancreas Transplantation
- Nephrology
- Nephrology (Kidney)

## ACADEMIC APPOINTMENTS

- Professor - University Medical Line, Medicine - Nephrology
- Professor - University Medical Line (By courtesy), Surgery - Abdominal Transplantation

## ADMINISTRATIVE APPOINTMENTS

- Advisory Group, National Living Donor Assistance Center (NLDAC), Health Resources and Services Administration (HRSA), (2016- present)
- Special government employee, FDA, Cardiovascular and Renal Drugs Advisory Committee, (2013-2018)
- Clinic Chief, Adult Kidney and Pancreas Transplant Clinic, Stanford Hospital and Clinics, (2016- present)
- Medical Director, Adult Kidney and Pancreas Transplant Program, Stanford University, (2015- present)

## HONORS AND AWARDS

- Alpha Omega Alpha, National Medical Honor Society (1995)
- Fellow of the American Society of Transplantation (FAST), American Society of Transplantation (2017-)

## PROFESSIONAL EDUCATION

- Fellowship: Beth Israel Deaconess Medical Center Nephrology Fellowship (2000) MA
- Residency: Beth Israel Deaconess Medical Center Internal Medicine Residency (1998) MA
- Board Certification: Nephrology, American Board of Internal Medicine (2021)
- M.S., Stanford University , Epidemiology and Clinical Research (2014)
- Medical Education: University of Rochester School of Medicine and Dentistry (1995) NY
- MD, University of Rochester , Medicine (1995)
- PhD, University of Rochester , Neurobiology and Anatomy (1993)
- BS/MS, Johns Hopkins University , Biomedical Engineering (1985)

## Research & Scholarship

---

### CURRENT RESEARCH AND SCHOLARLY INTERESTS

My research relates to issues pertaining to clinical kidney transplantation. We have ongoing studies on the following topics.

1. Renal senescence and kidney transplant, and chronic allograft nephropathy.
2. Living donor safety and response to uninephrectomy.
3. Biomarkers for post-transplant monitoring.
