Bio

BIO

Justin is a Resident Physician in Pediatrics at Stanford Medicine. He earned his medical degree from the George Washington University School of Medicine and Health Sciences, following his undergraduate studies at Tufts University, where he majored in Community Health and minored in Philosophy.

In the years between his undergraduate studies and medical school, he served as a New York City Urban Fellow working for New York City Emergency Management. He then transitioned into clinical research, serving as a research manager leading large-scale clinical trials across hospital systems.

Justin is highly dedicated to using research and technology to drive systemic advocacy and sustainable policy change that serves disenfranchised patients. Through patient-centered advocacy, interdisciplinary collaboration, and culturally responsive leadership, Justin is committed to advancing health equity and creating lasting, systems-level change.

His clinical and professional interests include pediatric emergency medicine, pediatric critical care, child abuse pediatrics, correctional health, and substance use disorder. Outside of medicine, Justin enjoys Wordle, trail running, skiing, and mountain biking.
