Bio

BIO

I am an incoming neuroradiologist at Lucile Packard Children's Hospital and Assistant Professor of Radiology at Stanford.

My training includes:

- * Harvard Medical School - Boston Children's Hospital: Fellowship - Pediatric Neuroradiology
- * Harvard Medical School - Massachusetts General Hospital: Fellowship - Neuroradiology
- * Yale University: PhD - Data Science & AI
- * Yale School of Medicine - Yale New Haven Hospital: Residency - Diagnostic Radiology
- * Harvard Medical School - Massachusetts General Hospital: Postdoc - Neuroscience
- * Tehran University Medical School: MD

My research focuses on fetal brain development and its anomalies, advanced MRI technologies, and integration of AI image analysis into clinical workflows.

Outside of work, I enjoy ballroom dance, calisthenics, hiking, and tennis.
