Stanford

Megan Schoenzeit

Ph.D. Student in Physics, admitted Autumn 2026

Publications

PUBLICATIONS

- **Titanium alloy response sensitivity to variations in spectral reconstructions of National Ignition Facility xenon line-emission x-ray sources.** *The Review of scientific instruments*

  Schoenzeit, M., Poole, P. L., Kemp, G. E., Blue, B. E., Hinshelwood, D., Lees, S., Lopez, I., May, M., Moon, S. J., Noble, C., Parrott, M., Porazik, P., Widmann, et al

  2026; 97 (5)

- **Stoner transition at finite temperature in a two-dimensional isotropic Fermi liquid** *PHYSICAL REVIEW B*

  Mayrhofer, R., Schoenzeit, M., V. Chubukov, A.

  2025; 112 (16)

- **Non-Bloch Dirac points and phase diagram in the stacked non-Hermitian Su-Schrieffer-Heeger model** *PHYSICAL REVIEW B*

  Schoenzeit, M., Shu, C., Zhang, K., Sun, K.

  2025; 111 (24)

- **Experimental studies and modeling of temporal evolution of chain formation in magnetorheological fluids** *JOURNAL OF MAGNETISM AND MAGNETIC MATERIALS*

  Schoenzeit, M., Lehtola, K., Schoenzeit, L., Dahlberg, E.

  2025; 615
