Bio

BIO

Dr. Erin McNeely is a board-certified internal medicine physician with Stanford Health Care. She is also a clinical assistant professor in the Department of Medicine, Division of Primary Care and Population Health at Stanford University School of Medicine.

Dr. McNeely specializes in disease prevention, diagnosis, and management, with a special focus on cardiovascular health, including high blood pressure and metabolic disease. She also has extensive experience in integrative medicine. Dr. McNeely believes in working with the whole person to develop individualized care plans and to meet patients' unique health goals.

Dr. McNeely's research interests include health equity and primary care-based value and quality improvement.

Dr. McNeely has published her research in several peer-reviewed journals, including The Journal of Heart and Lung Transplantation, Alzheimer's & Dementia: Translational Research & Clinical Interventions, and Spatial and Spatio-Temporal Epidemiology.

Dr. McNeely is a fellow of the American College of Physicians.
