Bio

BIO

This is updated at least once every five years and provides a glimpse into my professional background: https://www.linkedin.com/in/edhan/.

More fluid are the things I've been and currently am passionate about, please reach out if any of it resonates. Always interested in helping young or new entrepreneurs, playing racket sports often with my wife, climbing, elderly dog is the only baby living at home now and I'm obsessed, worrying about and supporting my two grown kids, vibe coding and AI fluency, early education equity, super motivated and young student athletes, helping with overwhelming problems in Kenya.
