BIO

Senior Program Management Leader with 18+ years driving enterprise-scale AI/ML, Product development, and Ads technology programs. Delivered $750M+ in annual revenue impact at Google by leading 100B+ daily ad impression infrastructure with Display Ads stack overhaul. Delivered key Google's initiatives Gemini v1 launch and orchestrated 35+ Gemini AI deployments. 12+ years leading teams, scaled teams, expert at translating ambiguous technical challenges into measurable business outcomes and building high-performing teams that execute them.

Recognized for building and mentoring high-performing TPM teams and leading cross-functional collaborations to deliver measurable results. Skilled in Strategic Program and Product management, with a proven track record of impactful contributions across leading technology companies.

I am passionate about building, scaling software products and tech teams. Tech savvy, keen learner, deeply curious and mostly restless...
