Stanford

Paul Buckmaster, DVM, PhD

Professor of Comparative Medicine and of Neurology and Neurological Sciences

Bio

ACADEMIC APPOINTMENTS

- Professor, Comparative Medicine
- Professor, Neurology and Neurological Sciences
- Member, Bio-X
- Member, Wu Tsai Neurosciences Institute

ADMINISTRATIVE APPOINTMENTS

- Career Award in the Medical Sciences Advisory Committee, Burroughs Wellcome Fund, (2014-2023)
- Comparative Medicine Review Committee (RIRG-C) Study Section, NCRR, NIH, (2008-2012)
- Clinical Neuroplasticity and Neurotransmitter Study Section, NIH Center for Scientific Review, (2004-2008)
- Research Council of the Professional Advisory Board, Epilepsy Foundation, (2003-2014)

HONORS AND AWARDS

- Career Award in the Biomedical Sciences, Burroughs Wellcome Fund (1996-2000)

PROFESSIONAL EDUCATION

- DVM, University of California, Davis , Veterinary Medicine (1988)
- PhD, University of Washington , Physiology (1992)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Temporal lobe epilepsy is common, frequently refractory to treatment, and devastating to those affected. Our long-term goal is to better understand the pathophysiological mechanisms of this disease so that rational and effective therapies can be developed. We use electrophysiological, molecular, and anatomical techniques to evaluate neuronal circuitry in normal and in epileptic brains.

Teaching

COURSES

2023-24

- Neurosciences Anatomy Core: NEPR 205 (Aut)

2022-23

- Neurosciences Anatomy Core: NEPR 205 (Aut)

STANFORD ADVISEES

Postdoctoral Faculty Sponsor

Christopher Shiprack

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Neurosciences (Phd Program)
