Adrian Biggerstaff
Ph.D. Student in Civil and Environmental Engineering, admitted Autumn 2019

Publications

PUBLICATIONS

• Determining the yield stress of a Biopolymer-bound Soil Composite for extrusion-based 3D printing applications CONSTRUCTION AND BUILDING MATERIALS
  Biggerstaff, A., Fuller, G., Lepech, M., Loftus, D.
  2021; 305

• Evaluation of a Biopolymer-Bound Soil Composite for 3D Printing on the Lunar Surface
  Biggerstaff, A. O., Lepech, M. D., Loftus, D. J., VanSusante, P. J., Roberts, A. D.
  AMER SOC CIVIL ENGINEERS.2021: 36-51

• Investigation of Probabilistic Multiple-Choice in a Structural Design Course 2016 ASEE Annual Conference & Exposition
  Biggerstaff, A., Wambeke, B.
  ASEE Peer.2016: 17
