Bio

BIO

Jison Hong, MD specializes in the diagnosis, evaluation and management of all rheumatologic diseases. She has a special interest in evaluating and managing patients with complex gout and granulomatous mastitis. She is involved in projects to improve clinical care and promote language equity for those with limited English proficiency. She is involved in research identifying barriers to healthcare access along with mental health resources and outcomes for Asian American Native Hawaiian and Pacific Islander communities. Dr. Hong serves as the division champion for Stanford's Value Based Care Program which focuses on initiatives aimed at delivering high quality care at lower cost.

Dr. Hong received her medical degree and Internal Medicine residency training at Rutgers- New Jersey Medical school in Newark, New Jersey. She served as a Chief Resident for an additional year and then went on to complete her fellowship training in Immunology & Rheumatology at Stanford University Medical Center . She joined the faculty in the Division of Immunology & Rheumatology at Stanford in 2014 as a Clinical Assistant Professor where she continues to practice.

CLINICAL FOCUS

- Rheumatology

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Medicine - Immunology & Rheumatology

PROFESSIONAL EDUCATION

- Residency: Rutgers Robert Wood Johnson Medical School Dept of Family Medicine (2012) NJ
- Medical Education: Rutgers Robert Wood Johnson Medical School (2008) NJ
- Board Certification: Internal Medicine, American Board of Internal Medicine (2023)
- Residency, Rutgers- New Jersey Medical School , Internal Medicine (2012)
- MD, Rutgers- New Jersey Medical School , Medical School (2008)
- Fellowship: Stanford University Immunology and Rheumatology Fellowship (2014) CA

- Board Certification: Rheumatology, American Board of Internal Medicine (2014)
