Bio

BIO

Dr. Bonnie Halpern-Felsher is the Marron and Mary Elizabeth Kendrick Professor in Pediatrics II in the Division of Adolescent Medicine, Department of Pediatrics, Stanford University. Dr. Halpern-Felsher is a developmental psychologist with additional training in adolescent and young adult health. She is the founder and executive director of her Stanford REACH Lab as well as several nationally and internationally used substance use education preventions and interventions. She is the receipient of the 2025 American Lung Association Outstanding Mother Award, that recognizes women who balance work and family and make a significant contribution to the mission of the American Lung Association. She was also the receipient of the 2025 Society for Research on Nicotine and Tobacco (SRNT) John Slade award, that recognizes individuals who's research makes a significant impact on tobacco-related policy. Most recently, she received the 2026 Cullen Award from the American Society of Preventive Oncology. She is also the Past President of the Society for Adolescent Health and Medicine. Funded by the NIH and many foundations, her research has focused on understanding and reducing adolescent and young adult tobacco, marijuana, and other drug use. Her research including over 250 publications, committee, and advocacy work have been instrumental in setting policy at the local, state, and national level. She has served as a consultant to several community-based adolescent health promotion programs, participated in three Surgeon General Reports, participated in six National Academies of Science committees, and has been a member on several national campaigns and committees to understand and reduce adolescent and young adult drug use.

ACADEMIC APPOINTMENTS

- Professor, Pediatrics - Adolescent Medicine
- Professor (By courtesy), Epidemiology and Population Health
- Professor (By courtesy), Psychiatry and Behavioral Sciences - Child & Adolescent Psychiatry and Child Development
- Member, Maternal & Child Health Research Institute (MCHRI)
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Marron and Mary Elizabeth Kendrick Professor in Pediatrics II, Stanford University, (2022- present)
- Faculty/Educator, American Academy of Pediatrics ECHO e-cigarette program, (2019- present)
- Founder and Executive Director, Cannabis Awareness and Prevention Toolkit, (2019- present)

- Founder/Executive Director, Cannabis Awareness and Prevention Toolkit, Stanford University, (2019- present)
- Scientific expert/consultant, litigation against e-cigarette companies, Stanford University, (2019- present)
- Scientific Advisor, Parents Against Vaping E-cigarettes, (2018- present)
- Director of Fellows' Scholarship, Department of Pediatrics, Stanford University, (2017- present)
- Co-director, Pediatrics' Residency Scholarly Concentration, Stanford University, (2016- present)
- Co-leader, Clinical Scholarly Concentration, Residency Program, Department of Pediatrics, (2016- present)
- Director of Fellowship Research, Department of Pediatrics, (2016- present)
- Founder and Executive Director, Tobacco Prevention Toolkit, (2016- present)
- Founder/Executive Director, Tobacco Prevention Toolkit, Stanford University, (2016- present)
- Director of Research, Division of Adolescent Medicine, (2014- present)
- Director of Research, Division of Adolescent Medicine, Department of Pediatrics, Stanford University, (2014- present)
- Professor, Division of Adolescent Medicine, Department of Pediatrics, Stanford University, (2014- present)
- Associate Director, Adolescent Medicine Fellowship, Stanford University, (2014-2019)
- Director of Research, Adolescent Medicine Fellowship, Department of Pediatrics, UCSF, (2009-2013)
- Professor, Division of Adolescent Medicine, Department of Pediatrics, UCSF, (2009-2013)
- Program Director, NIH/NIDDK Step-Up Program, Stanford University, (2007- present)
- Co-Director, General Pediatrics Fellowship, Department of Pediatrics, UCSF, (2007-2013)
- Co-Director, General Pediatrics Fellowship, Department of Pediatrics, UCSF, (2007-2013)
- Core Faculty, Fellowship Committee Member, and Mentor, Center for Tobacco Control Research and Education, UCSF, (2004- present)
- Associate Professor, Division of Adolescent Medicine, Department of Pediatrics, UCSF, (2003-2009)
- Core Faculty, Fellowship Committee Member, and Mentor: Psychology and Medicine Postdoctoral Program, UCSF, (2002-2013)
- Founder and Director, Biomedical and Health Sciences Internship Program, UCSF, (2002-2013)
- Assistant Professor, Division of Adolescent Medicine, Department of Pediatrics, UCSF, (1997-2003)
- Postdoctoral Fellow, UCSF, (1994-1996)
- Ph.D., Developmental Psychology, University of California, Riverside, (1992-1994)
- M.A., Psychology, University of California, Riverside, (1988-1992)
- B.A., Psychology, California State University, Northridge, (1984-1988)

HONORS AND AWARDS

- Joseph Cullen Award, ASPO, American Society for Preventive Oncology (2026)
- Community Partnership Awards, Stanford University (2025)
- John Slade Award, Society for Research on Nicotine and Tobacco (2025)
- Outstanding Mother Award, American Lung Association (2025)
- PROSE Award, Best Reference Works, Multivolume, Encyclopedia of Child and Adolescent Health, Association of American Publishers (2025)
- PROSE Award, Best in Clinical Medicine, Encyclopedia of Child and Adolescent Health, Association of American Publishers' (2024)
- Visiting Professor in Adolescent Medicine, Baylor College of Medicine (2024)
- Clinical Research Award, Department of Pediatrics, Stanford University (2021)
- Clinical Science Research Award, Department of Pediatrics (2021)
- Advocacy Award, Department of Pediatrics (2019)
- Postdoc Mentoring Award, Department of Pediatrics (2019)

- Postdoctoral Mentoring Award, Department of Pediatrics, Stanford University (2019)
- Elected Council Member, Society for Pediatric Research (2012)
- Fellow, Society for Adolescent Health and Medicine (2012)
- Program Director, Society for Adolescent Health and Medicine Annual Meetings (2011-2013)
- Member (Elected), American Pediatric Society (2011)
- Elected Board Member, Society for Adolescent Health and Medicine (2008-2011)
- Hellman Family Award for Early Career Faculty, UCSF (2001-2002)
- Faculty Development Award, Communicating Health Information to Adolescents, Academic Senate, UCSF (1999)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Director of Fellowship Scholarship, Department of Pediatrics, Stanford University School of Medicine (2026 - present)
- Editor-in-Chief, Addictive Behavior Reports (2026 - present)
- Immediate Past President, Society for Adolescent Health and Medicine (2025 - 2026)
- Member, Cannabis Advisory Committee, State of California (2024 - present)
- Member, Stanford School of Medicine, Appointments and Promotions (A&P) Committee (2024 - present)
- Member, Scientific Advisory Committee (SAC) (2024 - present)
- Member, AHWP Expert Advisory Committee Meeting (2024 - present)
- Senator, Faculty Senate, Stanford University (2024 - 2026)
- President, Society for Adolescent Health and Medicine (2024 - 2025)
- Senator, Faculty Senate, Committee on Committees (2024 - 2025)
- Founder, Executive Director, Healthy Futures/Alternative to Suspension Curriculums (2023 - present)
- Founder, Executive Director, Safety First (2023 - present)
- President-elect, Society for Adolescent Health and Medicine (2023 - 2024)
- Founder; Executive Director, Vaping Information, Solutions, and Interventions Toolkit (2021 - present)
- Core Faculty Member, Stanford Network on Addiction Policy (SNAP) (2019 - present)
- Founder, Executive Director, Cannabis Awareness and Prevention Toolkit /Smart Talk: Cannabis Prevention & Awareness (2019 - present)
- Co-leader, Scolarly Concentrations, Pediatrics Residency Program, Stanford University School of Medicine (2016 - present)
- Founder, Executive Director, Tobacco Prevention Toolkit/ You and Me, Together Vape-Free (2016 - present)
- Advisory Board Member, Tobacco Use Prevention Education Program, California Department of Education (2015 - present)
- Faculty Member, Stanford Research into the Impact of Tobacco Advertising (2015 - present)
- Member, Stanford Cancer Institute (2015 - present)
- Associate Editor, Tobacco Regulatory Science Journal (2014 - present)
- Co-Chair, TCORS Measurement Workgroup (2014 - present)
- Director of Research, Stanford University Division of Adolescent Medicine (2014 - present)
- Member, Stanford’s Child Health Research Institute (2014 - present)
- Associate Program Director, Adolescent Medicine Fellowship Program, Stanford University School of Medicine (2014 - 2020)
- Committee Member, IOM Committee on the Health Implications of Raising the Minimum Age for Purchasing Tobacco Products (2013 - present)
- Elected Council Member, Society for Pediatric Research (2012 - present)
- Fellow, Society for Adolescent Health and Medicine (2012 - present)
- Visiting Professor, Max Planck Institute for Human Development, Berlin, Germany (2012 - present)

- Elected Member, American Pediatric Society (2011 - present)
- Co-Director, General Pediatrics Fellowship Program, Department of Pediatrics, University of California, San Francisco (2011 - 2013)
- Committee Member, IOM Committee on Scientific Standards for Studies on Reduced Risk Tobacco Products (2011 - 2012)
- Director, Community Program Development, Department of Pediatrics, UCSF (2009 - 2013)
- Faculty Member, Mentor, Robert Wood Johnson Health & Society, Scholars Program, UCSF & UC Berkeley (2008 - 2013)
- Director of Research, Postdoctoral Research Fellowship Training, Director of Research, Adolescent Medicine, Department of Pediatrics, UCSF (2007 - 2013)
- Associate Director, General Pediatrics Fellowship Program, Associate Director, Department of Pediatrics, University of California, San Francisco (2007 - 2011)
- Editorial Board Member, Journal of Adolescent Health (2006 - present)
- Committee Member, Institute of Medicine Committee on Contributions from the Behavioral and Social Sciences in Reducing and Preventing Teen Motor Crashes, Institute of Medicine and the Division of Behavioral and Social Sciences and Education (2005 - 2007)
- Director and Founder, Biomedical and Health Sciences Internship Program, Department of Pediatrics, UCSF (2004 - 2013)
- Faculty Member/ Fellowship Committee, Center for Tobacco Control Research and Education, University of California, San Francisco (2004 - 2013)
- Committee Member, Institute of Medicine Committee on Reducing Tobacco Use: Strategies, Barriers, and Consequences (2004 - 2007)
- Core Faculty Member/ Fellowship Committee Member, Psychology and Medicine Postdoctoral Program, University of California, San Francisco (2002 - 2013)
- Committee Member, Institute of Medicine Committee to Develop a Strategy to Prevent and Reduce Underage Drinking, Institute of Medicine (2002 - 2003)
- Faculty Member, UCSF Helen Diller Family Comprehensive Cancer Center (2001 - 2013)
- Faculty Member, Center for Health and Community, University of California, San Francisco (1999 - 2013)
- Affiliated Faculty, Psychology and Medicine Postdoctoral Program, University of California, San Francisco (1997 - 2002)

PROFESSIONAL EDUCATION

- B.A., California State University, Northridge , Psychology (1988)
- M.A., University of California, Riverside , Psychology (1992)
- Fellow, UCSF Division of Adolescent Medicine , Adolescent Health (1996)
- PhD, University of California, Riverside , Developmental Psychology (1994)

COMMUNITY AND INTERNATIONAL WORK

- Tobacco control and advocacy: Lessons learned, Tel Aviv University

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

My research focuses on developmental, cognitive and psychosocial factors involved in adolescents' and young adults' health-related decision-making, perceptions of risk and vulnerability, health communication and risk behavior. My research has focused on understanding and reducing health risk behaviors such as tobacco use, alcohol and marijuana use, risky driving, and risky sexual behavior. An early study, funded by California's Tobacco-Related Disease Research Program, involved a prospective cohort design in which 400 male and female adolescents of varying racial/ethnic background were followed from 9th grade through one-year post high school. The ultimate goal of this longitudinal study has been to determine the extent to which adolescents' perceptions of smoking-related long- and short-term risks and benefits influence adolescents' and young adults' initiation, continuation and cessation of smoking. Another study, funded by the National Institute of Child Health and Human Development (NIH), used a prospective cohort design in which over 600 ethnically and socioeconomically diverse male and female adolescents were followed for five years, the aims of this study were to:

(1) Examine whether the onset of adolescent sexual activity, both with and without condom use, is associated with previous and/or subsequent changes in judgments concerning STD and HIV/AIDS risk.

(2) Examine whether adolescents' personal experiences with negative outcomes related to sexual behavior (or lack of such experiences) influence subsequent risk judgments and sexual behavior.

(3) Determine the extent to which perceived benefits of sexual behavior are related to adolescent sexual behavior, over and above perceived risks.

(4) Determine whether knowledge of peers' experiences with sexual behaviors and related positive and negative outcomes play a role in adolescents' risk judgments and subsequent sexual behavior.

I received additional funding to continue following the sample into young adulthood. The results of this research provides valuable information concerning the relationship between risk judgments and behavior that is expected to be useful to researchers and health practitioners concerned with developing programs to reduce adolescents' sexual risk. With funding from the William T. Grant Foundation, we conducted qualitative studies on adolescent decision-making, one focusing on sexual decision-making and the other on decisions to use tobacco. These qualitative studies provide for a larger, adolescent-driven perspective on decision-making not always captured by quantitative surveys. We have also completed interviews with 40 adolescents participating in the tobacco study, and are completing additional manuscript shortly.

In 2012, I received funding from California's Tobacco-Related Disease Research Program and the California Department of Education to translate my research findings to the development of novel school-based interventions to prevent tobacco use. Most recently, I received funding from the NIH/FDA (Center for Tobacco Products) to examine adolescent and young adults' use of and perceptions related to current conventional and new tobacco products, including cigarettes, e-cigarettes, smokeless tobacco, hookahs, and so on. I have also expanded and extended my research to understanding risk behaviors in a larger context of adolescent development as well as within the emerging adult population, as this is a developmental period most often characterized by exploration including health-compromising behaviors. My research and committee work have been instrumental in setting policy at the local, state, and national level.

CLINICAL TRIALS

- Evaluation of The Stanford Tobacco Prevention Toolkit, Recruiting

- Feasibility and Acceptability of the Cannabis Awareness and Prevention Toolkit, Not Recruiting
- An Evaluation of the Tobacco Prevention Toolkit Healthy Futures: Alternative-to-Suspension Vaping Intervention, Not Specified
- Evaluation of the Be Vape Free Curriculum of the Tobacco Prevention Toolkit, Not Specified
