

Nancy Jiang, MD

Clinical Associate Professor, Otolaryngology (Head and Neck Surgery)

CLINICAL OFFICE (PRIMARY)

- **Emeryville Multispecialty Clinic**

5800 Hollis St

Emeryville, CA 94608

Tel (510) 806-2100 Fax (650) 724-7361

Bio

BIO

Dr. Jiang is a board-certified, fellowship-trained laryngologist with Stanford Health Care. She is also a clinical associate professor in the Department of Otolaryngology – Head and Neck Surgery, Division of Laryngology at Stanford University School of Medicine. Dr. Jiang completed a fellowship in laryngology at Stanford University School of Medicine.

Dr. Jiang specializes in helping patients with all conditions affecting the throat and neck, including vocal cord disorders, hoarseness, chronic cough, and swallowing difficulties. She is skilled at treating even the most complex conditions using the latest techniques and advanced technology. Offering surgical and nonsurgical treatments, Dr. Jiang is passionate about tailoring each care plan to meet the needs of her patients.

Her research interests include outcomes in vocal fold paralysis caused by intubation and from unknown causes (idiopathic). She also studies practice patterns of otolaryngologists in the United States. She has evaluated the effectiveness of in-person versus telemedicine care in otolaryngology and the disparities in speech therapy for voice disorders among English-speaking and non-English-speaking patients. Dr. Jiang has also explored how using a digital otoscope can reduce the use of antibiotics in children with ear infections.

Dr. Jiang's articles have appeared in many peer-reviewed publications, including *Laryngoscope*, *Otology and Neurotology*, and *American Journal of Otolaryngology*. She edited a chapter on gross and radiographic anatomy in *Anesthesiology and Otolaryngology*. She has also reviewed articles for *Laryngoscope* and *Annals of Otology, Rhinology & Laryngology*.

Dr. Jiang has presented her research findings in the United States and Canada. She has been invited to speak at dozens of conferences about a range of topics affecting the ears, nose, and throat. She has served as principal investigator on many studies, including how using artificial intelligence can improve patient care and how to reduce opioid use following otolaryngology surgery.

Dr. Jiang is a member of the American Academy of Otolaryngology - Head and Neck Surgery, the Society of University Otolaryngologists, and the American Broncho-Esophagological Association.

CLINICAL FOCUS

- Otolaryngology

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Otolaryngology (Head and Neck Surgery)

ADMINISTRATIVE APPOINTMENTS

- Journal Reviewer, Laryngoscope and Annals of Otology, Rhinology & Laryngology, (2018- present)
- Nominating Committee Member, Young Physician Section, AAO-HNS, (2016-2017)
- Telehealth Committee Member, AAO-HNS, (2024- present)

HONORS AND AWARDS

- Best Curriculum Award, Kaiser Permanente East Bay Medical Center
- Chairman's Award, Department of Otolaryngology, Icahn School of Medicine at Mount Sinai
- Collaborare Award, Kaiser Permanente East Bay Medical Center
- First Place, Richard J. Bellucci, MD, Resident Research Award, Triological Society
- Hilsinger Award for Excellence in Residency Research, Kaiser Permanente East Bay Medical Center (2020, 2023)
- John R. Loftus Award for Excellence and Innovation in Medical Education, Kaiser Permanente East Bay Medical Center
- Resident Research Award, Department of Otolaryngology, Icahn School of Medicine at Mount Sinai (2012, 2013)
- Resident Research Award, Department of Otolaryngology, Icahn School of Medicine at Mount Sinai

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, American Academy of Otolaryngology - Head and Neck Surgery (AAO-HNS) (2009 - present)
- Member, American Broncho-Esophagological Association (2016 - present)
- Member, Society of University Otolaryngologists (2024 - present)

PROFESSIONAL EDUCATION

- Medical Education: New York University School of Medicine (2009) NY
- Board Certification: Otolaryngology, American Board of Otolaryngology (2015)
- Fellowship: Stanford University Otolaryngology Residency (2014) CA
- Residency: Icahn School of Medicine at Mount Sinai (2014) NY
