Bio

BIO

Deborah M. Gordon is a Professor in the Department of Biology at Stanford University. She studies how ant colonies work without central control using networks of simple interactions, and how these networks evolve in relation to changing environments. She received her PhD from Duke University, then joined the Harvard Society of Fellows, and did postdoctoral research at Oxford and the University of London before joining the Stanford faculty in 1991. Projects include a long-term study of a population of harvester ant colonies in Arizona, studies of the invasive Argentine ant in northern California, arboreal ant trail networks and ant-plant mutualisms in Central America.

ACADEMIC APPOINTMENTS

- Professor, Biology
- Member, Bio-X
- Affiliate, Stanford Woods Institute for the Environment
- Member, Wu Tsai Neurosciences Institute

HONORS AND AWARDS

- Quest Award, Animal Behavior Society (2020)
- Fellow, Animal Behavior Society (2017)
- Fellow, Center for Advanced Study in the Behavioral Sciences, Stanford (2009-10, 2001-02)
- Fellow, California Academy of Sciences (2007-)
- Guggenheim Fellowship, Guggenheim Foundation (2001-02)
- Gores Award for excellence in teaching, Stanford University (2001)

PROGRAM AFFILIATIONS

- Symbolic Systems Program

PROFESSIONAL EDUCATION

- BA, Oberlin College , French (1976)
- M.Sc, Stanford University , Biology (1977)

- PhD, Duke University , Zoology (1984)

LINKS

- Lab Website: <https://web.stanford.edu/~dmgordon>

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Professor Deborah M Gordon studies the evolutionary ecology of collective behavior. Ant colonies operate without central control, using local interactions to regulate colony behavior.

Teaching

COURSES

2023-24

- Animal Behavior: BIO 145, BIO 245 (Win)
- Animal Behavior for Neuroscientists: NEPR 211 (Spr)
- Where the Wild Things Are: The Ecology and Ethics of Conserving Megafauna: BIO 185, DLCL 170, EALC 170, EARTHSYS 170, GLOBAL 170 (Win)

2022-23

- Animal Behavior: BIO 145, BIO 245 (Win)
- Ants: BIO 5N (Win)

2021-22

- Citizenship in the 21st Century: COLLEGE 102 (Win)
- Ecology and Evolution of Animal Behavior: BIO 145, BIO 245 (Win)

2020-21

- Ecology and Evolution of Animal Behavior: BIO 145, BIO 245 (Win)
- Ecology for Everyone: BIO 30 (Win)

STANFORD ADVISEES

Doctoral Dissertation Reader (AC)

Neil Khosla, Daniel Shaykevich

Postdoctoral Research Mentor

Katie Fiocca

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Biology (School of Humanities and Sciences) (Phd Program)
