Bio

BIO

Dr. Andre Kumar is a Clinical Associate Professor in the Stanford Division of Hospital Medicine with a passion for improving patient care through Point-of-Care Ultrasound (POCUS), clinical research, and education. He earned his MD from Tulane University and completed his residency, chief residency, and a Master's in Education at Stanford University.

Dr. Kumar has extensive experience in creating, operationalizing, and leading multi-center clinical trials, including investigations related to POCUS, COVID-19 therapeutics, procedural safety, and the long-term health consequences of infections on the heart and lungs. He continues to conduct research and teach POCUS on a local and national level, and is committed to improving the science and education that underlie the next generation of diagnostic tools. Currently, his research focuses on the impact of artificial intelligence (AI) on numerous healthcare applications, particularly for the improving the accuracy of clinician diagnosis, evidence-based management, and medical imaging.

Dr. Kumar is also a committed educator and mentor to the next generation of physicians. His contributions to medical education have been recognized with several awards, including the Lawrence H. Mathers Award for Exceptional Commitment to Teaching (2023), the Henry J. Kaiser Foundation Award for Excellence in Clinical Teaching (2018, 2022), and the David A. Rytand Clinical Teaching Award (2018, 2022, and 2025). Dr. Kumar has contributed to the creation of free educational content for POCUS, including videos for the Stanford Medicine 25 series, New England Journal of Medicine, and JAMA, which have amassed over 1,000,000 views worldwide.

Dr. Kumar has held numerous leadership positions that reflect his commitment to advancing medical education and clinical practice. He is also the Co-Founder and Director of the SHAPE Program in the Stanford Internal Medicine Residency Program and Co-Director of Clinical Reasoning at Stanford School of Medicine. He previously served as President for the Society of Hospital Medicine Bay Area and Director of the Rathmann Medical Education Fellowship.
