Bio

BIO

Dr. John Clarke recently joined the Gastroenterology & Hepatology Division at Stanford University as Director of the Esophageal Program. He previously spent 17 years in Baltimore, including 9 years on the faculty at Johns Hopkins University where he was an Associate Professor and at various times Director of Esophageal Motility, Director of Gastrointestinal Motility, Clinical Director of the Johns Hopkins Center for Neurogastroenterology, and Clinical Director of the Gastroenterology & Hepatology Division at Johns Hopkins Bayview Medical Center.

His career has combined research, education and clinical care. His clinical areas of expertise include achalasia, dysphagia, eosinophilic esophagitis, esophageal dysmotility, gastroesophageal reflux disease, gastroparesis, GI-manifestations of scleroderma and GI dysmotility. While at Johns Hopkins University, he was inducted into The Miller-Coulson Academy for Clinical Excellence, an institutional honor society for master clinicians at the time limited to 50 members across the entire university.

From an education standpoint, he has lectured in over a dozen countries, authored over 25 textbook chapters and serves on the educational affairs committee of the American College of Gastroenterology. He has also won several major teaching awards, including The Johns Hopkins University Alumni Association Award for Excellence in Teaching, given to one faculty member per year in the entire School of Medicine.

His research has focused on optimization and characterization of diagnostic studies to evaluate motility disorders, as well the relationship between therapeutic endoscopic techniques and treatment of motility disorders. He was an investigator on the NIH Gastroparesis Consortium and is also a former recipient of the AGA Don Castell Award.

CLINICAL FOCUS

- Achalasia
- Amyloidosis
- Barrett's esophagus

- Dysphagia
- Eosinophilic esophagitis
- Esophageal Dysmotility
- Esophagus
- Gastroenterology
- Gastroesophageal Reflux Disease (GERD)
- Gastroparesis
- Motility
- Scleroderma Bowel Disease

ACADEMIC APPOINTMENTS

- Clinical Professor, Medicine - Gastroenterology & Hepatology

ADMINISTRATIVE APPOINTMENTS

- Director, Esophageal Program, Stanford Medicine, (2016- present)

HONORS AND AWARDS

- Award for Excellence in Teaching, John Hopkins University Alumni Association (2015)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, Scientific advisory board, Teva (2015 - present)
- Member, Scientific advisory board, ProStrakan (2012 - present)

PROFESSIONAL EDUCATION

- Board Certification: Gastroenterology, American Board of Internal Medicine (2007)
- Fellowship: Johns Hopkins University Dept of Gastroenterology (2007) MD
- Board Certification: Internal Medicine, American Board of Internal Medicine (2002)
- Residency: Johns Hopkins Hospital Internal Medicine Residency (2002) MD
- Medical Education: Columbia University College of Physicians and Surgeons (1999) NY

Research & Scholarship

CLINICAL TRIALS

- A Trial of IW-3718 for 8 Weeks in Patients With Persistent Gastroesophageal Reflux Disease (GERD) Receiving Proton Pump Inhibitors (PPIs), Not Recruiting
- An Investigation of the EndoStim® Lower Esophageal Sphincter (LES) Stimulation System for the Treatment of Reflux, Not Recruiting
- Novel Endoluminal Clinical TreAtment of Reflux, Not Recruiting
- Functional Luminal Imaging Probe (FLIP) Topography Use in Patients With Scleroderma and Trouble Swallowing, Not Specified
