  5555 W Las Positas Blvd
  Pleasanton, CA 94588
  Tel (925) 416-6681 **Fax** (925) 498-8734

Bio

BIO

Dr. Hsien-Hwa Alice Cha is a Clinical Assistant Professor of the Division of Hospital Medicine in the School of Medicine. A Bay Area native, she received her undergraduate degree from University of California, Berkeley with Honors in Molecular Cell Biology - Biochemistry. She completed her medical education at New York Medical College and her Internal Medicine Residency at Kaiser Permanente Santa Clara in 2016. She joined the Division of Hospital Medicine at Stanford Health-Care in Tri-Valley in 2016 as a hospitalist. She led the Tri-Valley Section as Section Chief from 2020-2023, during which she expanded the section's clinical capabilities to include orthopedic pre-op care, and dedicated nocturnal care with nocturnists. Her interest in medical education led her to co-found Stanford Health-Care Tri-Valley's Clinical Academy in 2019, a program designed for high school juniors and seniors interested in exploring medicine as a career. She was the recipient of the Department of Medicine's Teaching Award for the Tri-Valley Division in 2022. Her other interests include clinical implications of metals, opioid stewardship, bioethics, undergraduate medical education, and physician leadership development.

Outside of work, she enjoys spending time with her two young children, cooking toddler meals, and watching crime dramas.

CLINICAL FOCUS

- Internal Medicine
- Hospital Medicine

ACADEMIC APPOINTMENTS
