Bio

BIO

Dr. Hsi-Yang Wu is a board certified Pediatric Urologist who treats all aspects of pediatric urology. He has a special interest in urinary incontinence and complex urinary reconstruction related to neurogenic bladder, renal transplantation and bladder exstrophy, as well as kidney stones and pediatric urologic oncology. He is the program director for the Pediatric Urology fellowship at Lucile Packard Children's Hospital and enjoys teaching the art of caring for children and their families.

ACADEMIC APPOINTMENTS

- Member, Bio-X
- Member, Maternal & Child Health Research Institute (MCHRI)
- Member, Wu Tsai Neurosciences Institute

ADMINISTRATIVE APPOINTMENTS

- Program Director, Pediatric Urology Fellowship, (2009- present)

HONORS AND AWARDS

- Magna cum laude, Harvard College (1989)
- American Foundation for Urologic Disease Summer Student Scholarship, University of Pennsylvania (1990)
- Pfizer Scholars in Urology, UCSF (1998)
- Arline and Pete Harman Endowed Faculty Scholar, Stanford University (2012)

PROFESSIONAL EDUCATION

- A.B., Harvard College , Chemistry (1989)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

I am interested in how the brain matures to control the bladder and external sphincter to achieve urinary continence. Using functional MRI of the brain, we are investigating if certain patterns of activity will predict which children will respond to therapy for incontinence.

Teaching

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Pediatric Urology (Fellowship Program)
