Bio

BIO

Dr. Matthew Smuck is the Chief of PM&R and Associate Professor in the Department of Orthopaedic Surgery at Stanford University. He is also the Medical Director of Rehabilitation Services for Stanford Healthcare where he specializes in the comprehensive conservative management of spine disorders. He is a physician leader currently sitting on the Board of Directors for the North American Spine Society, the Spine Intervention Society, and the Foundation for PM&R. He served as Deputy Editor of The Spine Journal and Co-Editor of the Orthopedics Knowledge Update in Spine (4th ed.). Dr. Smuck is also an award-winning researcher who pioneered the new field of physical performance monitoring. He directs the Wearable Health Lab at Stanford, investigating medical applications of mobile technology to improve musculoskeletal and neurologic disease detection, treatment and prevention. His work has received numerous research society awards and publication awards, including the American Academy of PM&R's 2014 President's Citation Award, the PM&R Journal and Foundation for PM&R's 2015 Best Original Research Award, the 2016 ISSLS Prize, and The Spine Journal's Outstanding Paper Award in 2013, 2016 & 2017. He regularly lectures on his research at Universities and medical conferences in the US and abroad.

CLINICAL FOCUS

- Physical Medicine and Rehab
- Spine
- Physical Medicine & Rehabilitation

ACADEMIC APPOINTMENTS

- Associate Professor - Med Center Line, Orthopaedic Surgery
- Member, Bio-X
- Member, Stanford Neurosciences Institute

ADMINISTRATIVE APPOINTMENTS

- Director, University of Michigan PM&R Interventional Spine Fellowship, (2007-2008)
- Interim Director, The University of Michigan Spine Program, (2008-2008)

- Director, Stanford PM&R Spine Fellowship, (2009-2014)
- Medical Director of Rehabilitation Services, Stanford University Hospital & Clinics, (2011- present)
- Chief, Physical Medicine & Rehabilitation, Stanford University, (2011- present)
- Director and Founder, Wearable Health Lab, (2014- present)

HONORS AND AWARDS

- Outstanding Paper Award: Surgical Science, The Spine Journal (2017)
- Runner-up: Outstanding Paper Award: Medical and Interventional Science, The Spine Journal (2017)
- The ISSLS Prize for Lumbar Spine Research, ISSLS (2016)
- Runner-up: Outstanding Paper Award: Medical and Interventional Science, The Spine Journal (2016)
- Best Original Research Award, Foundation for Physical Medicine and Rehabilitation and the PM&R Journal (2015)
- President's Citation Award, AAPM&R (2014)
- Best Pain and Spine Abstracts, American Academy of Physical Medicine & Rehabilitation (2014, 2013)
- Best Papers, North American Spine Society (NASS) Annual Meeting (2013, 2009)
- Instructor, International Spine Intervention Society (2013)
- Outstanding Paper Award: Medical and Interventional Science, The Spine Journal (2013)
- Best Clinical Research Award, International Spine Intervention Society (2014, 2013, 2012)
- Medtronic Best Poster Award, International Society for the Study of the Lumbar Spine (2012)
- Best Basic Science Research Award, International Spine Intervention Society (2011)
- Best Musculoskeletal Research Award, American Academy of Physical Medicine & Rehabilitation (2011)
- Jose C. Montero MD Teaching Award, Stanford University, PM&R residency program (2010)
- Faculty Mentor, 1st Place Theodore M. Cole Resident Research Award, University of Michigan (2009, 2007, 2004)
- Young Investigator Award, US Bone and Joint Decade (2006)
- Most Outstanding Biomedical Research Paper, Indiana University School of Medicine (1997)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Board of Directors, Foundation for PM&R (2016 - present)
- Board of Directors, North American Spine Society (NASS) (2015 - present)
- Board of Directors, Spine Intervention Society (SIS) (2013 - present)
- North American Representative, ICHOM Low Back Pain Steering Group (2014 - present)
- Deputy Editor, The Spine Journal (2011 - present)
- Assistant Editorial Board, European Spine Journal (2011 - present)
- Chair, Research Division, Spine Intervention Society (SIS) (2013 - 2015)
- Co-Chair, North American Spine Society 2013 annual meeting (2013 - 2014)
- Chair, NASS Advanced Lumbar Spinal Injections Course (2011 - 2015)
- Co-Editor, Orthopedics Knowledge Update (OKU) Spine, 4th edition (2011 - 2012)
- Vice Chair, Spine and Pain Track, AAPM&R Program Planning Committee (2010 - present)
- Section Editor, Spine & Sports, SpineLine (2008 - 2013)

PROFESSIONAL EDUCATION

- Residency: Stanford University School of Medicine Registrar (2001) CA

- Board Certification: Physical Medicine and Rehab, American Board of Physical Medicine and Rehab (2002)
- Board Certification: Pain Medicine, American Board of Physical Medicine and Rehab (2003)
- Fellowship: Stanford University Hospital - Interventional Spine (2002) CA
- Internship: Oakwood Healthcare System (1998) MI
- Medical Education: Indiana University School of Medicine (1997) IN
- Fellow, Stanford University , Interventional Spine Medicine (2002)
- Resident, Stanford University , PM&R (2001)
- M.D., Indiana University , School of Medicine (1997)
- B.S., Milligan College , Biology, Humanities, French (1993)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

I direct the Wearable Health Lab at Stanford, investigating medical applications of mobile technology to improve musculoskeletal and neurologic disease detection, treatment and prevention.

CLINICAL TRIALS

- Prescribed Physical Activity in Improving Sleep and Physical Performance in Patients Undergoing Stem Cell Transplant, Not Recruiting

Teaching

STANFORD ADVISEES
