

Jerry Harris

The Cecil H. and Ida M. Green Professor in Geophysics, Emeritus

 Curriculum Vitae available Online

Bio

BIO

Jerry joined Stanford in 1988 after eleven years with private industry. He and his students, together known as the Stanford Wave Physics Lab, study the physics of seismic and electromagnetic waves and fields in complex media, including modeling, numerical simulations, and the processing and inversion of field data. Their recent work has focused on (1) fractional Laplacian formulations for Q modeling and Q compensated RTM, and (2) FWI with reduced order models with sparse parameterizations and machine-learned dictionaries derived from wave propagation kernels, geological, and dynamic flow processes. Jerry co-founded Stanford's Global Climate and Energy Project (GCEP), founded and served as Director of the Stanford Center for Computational Earth and Environmental Science (CEES), and founded the School's summer undergraduate pathways program (SURGE). He has served as Geophysics department chair and SE3 Associate Dean.

ACADEMIC APPOINTMENTS

- Emeritus (Active) Professor, Geophysics
- Affiliate, Precourt Institute for Energy
- Member, Institute for Computational and Mathematical Engineering (ICME)
- Affiliate, Stanford Woods Institute for the Environment

ADMINISTRATIVE APPOINTMENTS

- Associate Dean, Office of Multicultural Affairs, School of Earth Sciences, Stanford University, (2010-2016)
- Associate Dean for Academic Affairs, School of Earth Sciences, Stanford University, (2007-2009)
- Director, Center for Computational Earth & Environmental Science, Stanford University, (2005-2010)
- Chair, Department of Geophysics, Stanford University, (2000-2005)
- Professor, Geophysics Department, Stanford University, (1998- present)
- Petrobras Visiting Professor, Universidade Federal Da Bahia, Brasil, (1995-1996)
- Associate Professor, Geophysics Department, Stanford University, (1988-1998)
- Research Geophysicist, Standard Oil - British Petroleum, Dallas, Texas, (1984-1988)
- Senior Research Specialist, Exxon Production Research Company, Houston, Texas, (1980-1984)
- Staff Engineer, Communications Satellite Corporation, Clarksburg, Maryland, (1974-1977)

HONORS AND AWARDS

- President's Award for Excellence Through Diversity, Stanford University (2015/16)
- Cecil and Ida Green Professor of Geophysics, School of Earth Sciences (2008-Present)
- Distinguished Lecturer, Society of Exploration Geophysicists and American Association of Petroleum Geologists (2002-2003)

- University Fellow, Stanford (1998-2000)
- Distinguished Lecturer, Society of Petroleum Engineers (1995-1996)
- David and Lucille Packard Fellow, David and Lucille Packard (1989-1994)
- Hughes Aircraft Graduate Fellow, Hughes Aircraft Company (1978-1980)
- ARCS Fellow, California Institute of Technology (1977-1978)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Invited Speaker, AGU Meeting of the Americas, Cancun (2013 - 2013)
- Invited Speaker, SUM 2103, University of Science and Technology, China (2013 - 2013)
- Leland Scholars Advisory Board, Stanford University (2012 - 2016)
- Member, Visiting Committee, Colorado School of Mines (2011 - present)
- Mentor, DARE (2011 - present)
- VPUE Selection Committee for SU STEM Fellows, Stanford University (2011 - present)
- Invited Speaker, SIAM Conference on Mathematical and Computational Geosciences (2011 - 2011)
- Member University Advisory Board, Stanford University (2010 - 2011)
- Invited Speaker, NABGG, San Francisco (2010 - 2010)
- Invited Speaker, AGU Meeting of the Americas, Iguassu Falls, Brazil (2010 - 2010)
- Member, VPGE DARE Selection Committee, Stanford University (2007 - 2010)
- Chair, Search Committee for Computational Geosciences, School of Earth Sciences (2007 - 2008)
- Member, Committee on Academic Computing and Information Systems, Stanford University (2007 - 2008)
- Member, Undergraduate Advisory Council, Stanford University (2007 - 2008)
- Member, University Committee on Committees, Stanford University (2007 - 2008)
- Member, University Faculty Senate, Stanford University (2006 - 2008)
- Invited Speaker, SEG Development and Production Workshop on Seismic Attenuation, Austin, May (2005 - 2005)
- Member, Merit Review Committee, DOE National Energy Technology Laboratory (2004 - 2006)
- First Vice President, Society of Exploration Geophysicists[†] (2004 - 2005)
- Member, U.S. National Committee for Geodesy and Geophysics, International Union of Geodesy and Geophysics (IUGG) (2003 - 2007)
- Chair, SES Committee of Computational Geosciences, Stanford University (2003 - 2005)
- Chair, SES Diversity Committee, Stanford University (2002 - 2004)
- Member, Committee on Staging Development of Nuclear Waste Repositories, National Research Council (2001 - 2003)
- Chair, Department of Geophysics, Stanford University (2000 - 2005)
- Member, Committee on Academic Appraisal and Achievement, Stanford University (2000 - 2002)
- Member, Search Committee in Petroleum Engineering, Stanford University (2000 - 2001)
- Member, University Search Committee, Director OCR, Stanford University (2000 - 2001)
- Member, Earth Sciences Council, Stanford University (1999 - present)
- Instructor, Stanford Summer Engineering Academy, Stanford University (1999 - 2002)
- Co-Chair, Department Admissions Committee, Stanford University (1998 - 2000)
- Freshman Advisor, Stanford University (1998 - 2000)
- Member, Faculty Search Committee in Petroleum Engineering, Stanford University (1998 - 2000)
- Member, Award Review Committee, Stanford Office of Technology and Licensing, Stanford University (1998 - 1999)

- Member, Faculty Search Committee in Geophysics, Stanford University (1998 - 1999)
- Invited Speaker, SPE 1998 Archie Conference (1998 - 1998)
- Member, Board on Carbon Sequestration, Department of Energy (1998 - 1998)
- Coordinator, Department Ph.D. qualification exams, Stanford University (1997 - 1998)
- Member, Editorial Board, The Leading Edge, Society of Exploration Geophysicists (1997 - 1998)
- Partners for Academic Excellence, Black Community Services Center (1997 - 1998)
- Associate Chair, Department of Geophysics, Stanford University (1996 - 2000)
- Member, Visiting Committee, Massachusetts Institute of Technology (1995 - 2007)
- Best Paper Award, Annual Meeting, Society of Exploration Geophysicists (1995 - 1996)
- Director, Stanford Wave Physics Lab, Stanford University (1988 - present)

PROFESSIONAL EDUCATION

- Ph.D, California Institute of Technology , Electrical Engineering (1980)
- M.S., California Institute of Technology , Electrical Engineering (1974)
- B.S., Electrical Engineering , University of Mississippi (1973)

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Biographical Information

Jerry M. Harris is the Cecil and Ida Green Professor of Geophysics and Associate Dean for the Office of Multicultural Affairs. He joined Stanford in 1988 following 11 years in private industry. He served five years as Geophysics department chair, was the Founding Director of the Stanford Center for Computational Earth and Environmental Science (CEES), and co-launched Stanford's Global Climate and Energy Project (GCEP). Graduates from Jerry's research group, the Stanford Wave Physics Lab, work in private industry, government labs, and universities.

Research

My research interests address the physics and dynamics of seismic and electromagnetic waves in complex media. My approach to these problems includes theory, numerical simulation, laboratory methods, and the analysis of field data. My group, collectively known as the Stanford Wave Physics Laboratory, specializes on high frequency borehole methods and low frequency laboratory methods. We apply this research to the characterization and monitoring of petroleum and CO₂ storage reservoirs.

Teaching

I teach courses on waves phenomena for borehole geophysics and tomography. I recently introduced and co-taught a new course on computational geosciences.

Professional Activities

I was the First Vice President of the Society of Exploration Geophysicists in 2003-04, and have served as the Distinguished Lecturer for the SPE, SEG, and AAPG.

PROJECTS

- The use of groundwater for sustainable agriculture in the Nabogo River Basin of Ghana - Stanford University, Kwame Nkrumah University of Science and Technology, Ghana (April 1, 2016)

- Borehole seismic imaging and monitoring - Stanford University and Universidade Federal da Bahia (1/1/1996 - present)
- Capacity Building For Energy Geosciences and Engineering - Stanford University, Chulalongkorn University, Bangkok (3/1/2010 - 8/30/2016)
- Research and Education partnership for Energy Resources - Stanford University, King Fuad University of Petroleum and Minerals (1/1/2006 - present)

Teaching

COURSES

2018-19

- Wave Physics: GEOPHYS 385S (Aut, Win, Spr, Sum)

2017-18

- Wave Physics: GEOPHYS 385S (Aut, Win, Spr)
- Waves and Fields in Geophysics: GEOPHYS 235 (Win)

STANFORD ADVISEES

Doctoral Dissertation Reader (AC)

Noah Dewar
