Amit Kaushal

Adjunct Professor
Bioengineering

Bio

BIO

Amit Kaushal, MD, PhD is Clinical Assistant Professor of Medicine (Stanford-VA) and Adjunct Professor of Bioengineering at Stanford University. Dr. Kaushal's work spans clinical medicine, teaching, research, and industry.

He helped launch Stanford School of Engineering's undergraduate major in Biomedical Computation (bmc.stanford.edu) and has served as long-time director of the major. The major has graduated over 70 students since inception and was recently featured in Nature (<https://go.nature.com/2P2UnRu>).

His research interests are in utilizing health data in novel and ethical ways to improve the practice of medicine. He is a faculty executive member of Stanford's Partnership for AI-Assisted Care (aicare.stanford.edu). Recently, he has also been working with public health agencies to improve scale and speed of contact tracing for COVID-19.

He has previously held executive and advisory roles at startups working at the interface of technology and healthcare.

He continues to practice as an academic hospitalist.

Dr. Kaushal completed his BS (Biomedical Computation), MD, PhD (Biomedical Informatics), and residency training at Stanford. He is board-certified in Internal Medicine and Clinical Informatics.

ACADEMIC APPOINTMENTS

- Adjunct Professor, Bioengineering

ADMINISTRATIVE APPOINTMENTS

- Executive Director, Biomedical Computation Major, (2011- present)
- Associate Director, Biomedical Computation Major, (2003-2011)

HONORS AND AWARDS

- Recipient, Paul and Daisy Soros Fellowship

PROFESSIONAL EDUCATION

- Residency, Stanford University , Internal Medicine
- PhD, Stanford University , Biomedical Informatics

- MD, Stanford University
- BS, Stanford University , Biomedical Computation
