Bio

BIO

Ibrahim Idakoji is a native of the Bay Area and practicing Interventional Radiologist at Stanford Medical Center who specializes in minimally invasive, image-guided percutaneous and endovascular procedures that aid in the diagnosis and treatment of complex vascular and oncologic disease. Some of his areas of interest include: treatment of both acute and chronic venous thromboembolic disease, treatment of primary and metastatic hepatic malignancy, and percutaneous pain management.

CLINICAL FOCUS

- Interventional Radiology
- Vascular and Interventional Radiology
- Interventional Oncology
- Acute PE and DVT
- Chronic Venous Total Occlusion
- IVC Filter Placement and Retrieval
- Uterine Artery/Fibroid Embolization
- Percutaneous Tumor Ablation
- Biliary Intervention
- Genitourinary and Gastrointestinal Intervention
- Central Venous Access
- Percutaneous Catheter Placement
- Percutaneous Biopsy
- Percutaneous Pain Management
- Interventional Radiology and Diagnostic Radiology

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Radiology

PROFESSIONAL EDUCATION

- Board Certification: Interventional Radiology and Diagnostic Radiology, American Board of Radiology (2017)
- Fellowship: Stanford University Radiology Fellowships (2017) CA
- Residency: Stanford University Radiology Residency (2016) CA
- Internship: McGaw Medical Center of Northwestern University (2012) IL
- Medical Education: Northwestern University Feinberg School of Medicine (2011) IL
