Tel (408) 995-5453 **Fax** (408) 275-9442

Professional Overview

BIO

Dr. Annie Chern grew up in Wichita, Kansas, and remains a Midwestern girl at heart. After attending Washington University in St. Louis for her undergraduate degree, she received her M.D. from Stanford University School of Medicine. She has a special interest in helping patients of all ages with weight management, obesity prevention, and chronic disease care.

Dr. Chern has volunteered her time as a physician at Arbor and Pacific Free Clinics, the two Stanford-associated free clinics that provide basic healthcare for underserved patients. In her leisure time, she enjoys running in all forms - most of all - chasing after her fleet-footed twin toddlers!

CLINICAL FOCUS

- Family Medicine
