Bio

BIO

Dr. Vogelsong is a Clinical Assistant Professor at Stanford University where she is involved in clinical work, education, and research. She completed her residency and dual fellowship training in Adult Cardiothoracic Anesthesia and Critical Care Medicine at Stanford and now attends in the Cardiovascular Intensive Care Unit (CVICU) and cardiac ORs. This clinical work continuously reveals the ability of modern medicine to overcome seemingly insurmountable injury and illness, yet she believes that optimal care helps a patient to return to the highest level of functioning possible. Thus her research centers around finding ways to optimize the quality of life for survivors of critical illness, particularly those supported on mechanical circulatory support and those who have suffered cardiac arrest. She has received funding from the Zoll Foundation and serves as a member of the American Heart Association's Emergency Cardiovascular Care Science Subcommittee.

Additionally, Dr. Vogelsong serves as Associate Medical Director for Life Flight, Stanford's air medical transport service and the only hospital-based flight program in California. She is actively engaged in efforts to enhance the provision of critical care within Stanford Hospital, and serves on multiple committees including the Medical Emergency Response Committee (MERC), ECMO Task Force, and CVICU Continuous Quality Improvement group.

When not at work, Dr. Vogelsong is a huge fan of life in California and can often be found hiking, on a mountain bike, in her Sprinter van, or talking to her many goats, llamas, and horses.

CLINICAL FOCUS

- Anesthesia
- Cardiothoracic Anesthesiology
- Critical Care Medicine

- Mechanical Circulatory Support

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Anesthesiology, Perioperative and Pain Medicine
- Member, Cardiovascular Institute

PROFESSIONAL EDUCATION

- Board Certification: Anesthesia, American Board of Anesthesiology (2019)
- Board Certification: Advanced Perioperative Transesophageal Echocardiography, National Board of Echocardiography (2020)
- Fellowship: Stanford University Anesthesiology Fellowships (2020) CA
- Board Certification: Critical Care Medicine, American Board of Anesthesiology (2019)
- Fellowship: Stanford University Critical Care Medicine Fellowship (2019) CA
- Residency: Stanford University Anesthesiology Residency (2018) CA
- Internship: Stanford University Internal Medicine Residency (2015) CA
- Medical Education: University of California at San Francisco School of Medicine (2014) CA
