Arpeet Tarun Shah, MD

Affiliate, Medicine - Med/Oncology

CLINICAL OFFICE (PRIMARY)

• Valley Medical Oncology Consultants

20055 Lake Chabot Rd Ste 130 Castro Valley, CA 94546

Professional Overview

BIO

Dr. Shah practices hematology and oncology. He has fellowship training in both specialties and is board-certified in hematology, oncology, and internal medicine.

Dr. Shah is passionate about delivering patient-centered care. He aims to balance evidence-based treatments with each patient's individual preferences. His goal is to maximize both clinical outcomes and quality of life.

He feels privileged to have the opportunity to work so closely with patients and their families. Together, they can find and pursue what is important to them throughout their cancer journey.

In addition to providing clinical care, Dr. Shah has conducted research. His research interests include molecular testing and immunotherapy outcomes in patients with non-small cell lung cancer (NSCLC).

Dr. Shah has co-authored articles on treatment for NSCLC and other topics in publications such as Clinical Lung Cancer and Journal of Oncology Practice.

He has made presentations to his peers at the American Society of Clinical Oncology–Society for the Immunotherapy of Cancer (ASCO-SITC) annual meeting and other conferences. He also has helped develop the curriculum and taught students in hematology, oncology, internal medicine, and neurobiology. In his hematology/oncology fellowship at Stanford, he was a senior teaching fellow.

Dr. Shah was also a Johnson & Johnson Global Health Scholar, serving for two months as a visiting resident scholar in Kampala, Uganda.

When not working, he enjoys reading, trying new recipes, and exploring parks with his family.
