Bio

BIO

Dr. Justin Gordon is a Clinical Assistant Professor of Dermatology. Dr. Gordon earned his undergraduate degree from Emory University in Atlanta Georgia, where he was elected to the Phi Beta Kappa honor society. He received his medical degree from the same institution, graduating from medical school Magna Cum Laude, and earning induction into the Alpha Omega Alpha medical honor society. Following medical school, Dr. Gordon completed an internal medicine internship at Mount Sinai School of Medicine in New York City, followed by his dermatology residency at Stanford University. He served as Chief Resident in his final year. Dr. Gordon is board certified in dermatology by the American Board of Dermatology. Dr. Gordon's professional focus is general medical dermatology, with a focus on acne and skin cancer prevention and detection. He previously founded and directed the Acne Specialty Clinic at Stanford, and co-founded SUNSPORT (Stanford University Network for Sun Protection, Outreach, Research and Teamwork) - an outreach and research program focused on increasing appropriate sun-protection behaviors and reducing the incidence of skin cancer among outdoor athletes.

Dr. Gordon's academic interests include acne, skin cancer detection and prevention, teledermatology, entrepreneurship, medical education and LGBTQ healthcare.
