Bio

BIO

Dr. Chow is a fellowship-trained gynecologic oncologist. She is a clinical assistant professor in the Department of Obstetrics and Gynecology, Division of Gynecologic Oncology.

She treats the full spectrum of gynecologic cancers, including cervical, endometrial, ovarian, vaginal, and vulvar. She emphasizes minimally invasive treatment and performs laparoscopic and robotic surgery.

Dr. Chow works closely with radiation oncology, genetics, and other oncologic specialists in a multidisciplinary setting to provide high quality, evidence-based, and individualized care. Dr. Chow is a strong advocate for patient education and strives to deliver compassionate care to patients and their families.

Dr. Chow has conducted extensive clinical research. Her work has focused on the role of the sentinel lymph node biopsy technique for gynecologic cancer, therapeutic vaccines for ovarian cancer, the impact of race on the development of uterine cancer, and other topics. She has published in *Molecular Cancer Therapeutics*, *Gynecologic Oncology*, *Scientific Reports*, and other peer-reviewed journals.

Dr. Chow has also won numerous honors and awards for her scholarship and research achievements. In fellowship, she earned the AACR Doreen J. Putrah Cancer Research Foundation Scholar-In-Training Award. She was also awarded the AAGL Recognition of Excellence in Minimally Invasive Gynecology.

Dr. Chow is a member of the Society of Gynecologic Oncology (SGO), American Association for Cancer Research (AACR), American Association of Gynecologic Laparoscopists (AAGL), and American College of Obstetricians and Gynecologists (ACOG).
