Russian language studies

Horseback riding

Research & Scholarship

RESEARCH INTERESTS

- Technology and Education

CURRENT CLINICAL INTERESTS

- Interventional Radiology
- Breast imaging

I am passionate about the importance of Radiology in clinical care, and am particularly interested in caring for patients with various forms of cancer. I will be pursuing a 6 month mini-fellowship in Breast Imaging, followed by a 2-year fellowship in Interventional Radiology at Stanford Hospital and Clinics.

Teaching

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Vascular Interventional Radiology (Fellowship Program)
