

Stanford

Merve Aslan

Life Science Research Professional 1, Rad/Canary Center at Stanford for Cancer Early Detection

Bio

CURRENT ROLE AT STANFORD

Life Science Research Professional -1

EDUCATION AND CERTIFICATIONS

- BS, Istanbul Technical University , Molecular Biology and Genetics (2006)
- MS, Istanbul Technical University , Molecular Biology and Genetics, Biotechnology (2008)

PROJECTS

- An oncogene-induced metabolic gene signature predicts poor outcome in breast cancer - Stanford University

Publications

PUBLICATIONS

- **Loss of Notch1 activity inhibits prostate cancer growth and metastasis and sensitizes prostate cancer cells to anti-androgen therapies.** *Molecular cancer therapeutics*
Rice, M. A., Hsu, E. C., Aslan, M., Ghoochani, A., Su, A., Stoyanova, T.
2019

PRESENTATIONS

- Expression of the Transcription Factor Sox11 in the Adult Hippocampal Neurogenic Lineage
