Bio

BIO

Brittany Matheson, PhD, is a clinical assistant professor and licensed clinical psychologist in the Eating Disorders Clinic. She completed her undergraduate degree at Duke University, doctorate from the Joint Doctoral Program in Clinical Psychology at San Diego State University and the University of California, San Diego, and APA clinical internship at Lucile Packard Children's Hospital Stanford/Children's Health Council. Dr. Matheson's research interests include examining the psychosocial, neurocognitive, and familial factors related to disordered eating and excess weight gain in youth. In particular, Dr. Matheson has research and clinical expertise in the interplay among obesity, disordered eating, and autism spectrum disorder. She is interested in the development and implementation of evidence-based treatments for youth with disordered eating as well as better understanding factors that influence pediatric bariatric surgery outcomes. Her research also focuses on the use of technology to enhance treatment and reduce access to care barriers.
