

Stanford

Susan Margot Tyree

Postdoctoral Research Fellow, Psychiatry

Bio

HONORS AND AWARDS

- Philip Wrightson Postdoctoral Fellowship, New Zealand Neurological Foundation (2017/2018)
- Giract Ph.D. Flavor Research Bursary, Giract (2014)
- University of Otago Postgraduate Publishing Bursary, University of Otago (2012)
- University of Otago Summer Research Scholarship, University of Otago (2010)
- University of Otago Alumni Scholarship, University of Otago Alumni Association (2008)

PROFESSIONAL EDUCATION

- Doctor of Philosophy, University of Potsdam (2017)
- Master of Science, University Of Otago (2013)
- Bachelor of Arts, University Of Otago (2011)

Publications

PUBLICATIONS

- **Tastant-evoked Arc expression in the nucleus of the solitary tract and nodose/petrosal ganglion of the mouse is specific for bitter compounds.** *Chemical senses*
Töle, J., Stolzenburg, A., Tyree, S. M., Stähler, F., Meyerhof, W.
2018
- **Optogenetic Investigation of Arousal Circuits.** *International journal of molecular sciences*
Tyree, S. M., de Lecea, L.
2017; 18 (8)
- **Lateral Hypothalamic Control of the Ventral Tegmental Area: Reward Evaluation and the Driving of Motivated Behavior.** *Frontiers in systems neuroscience*
Tyree, S. M., de Lecea, L.
2017; 11: 50
- **Anxiolytic-like effects of leptin on fixed interval responding** *PHARMACOLOGY BIOCHEMISTRY AND BEHAVIOR*
Tyree, S. M., Munn, R. G., McNaughton, N.
2016; 148: 15-20
- **The frequency of hippocampal theta rhythm is modulated on a circadian period and is entrained by food availability** *FRONTIERS IN BEHAVIORAL NEUROSCIENCE*
Munn, R. G., Tyree, S. M., McNaughton, N., Bilkey, D. K.
2015; 9
