

Stanford

Kian Keyashian

Clinical Associate Professor, Medicine - Gastroenterology & Hepatology

CLINICAL OFFICE (PRIMARY)

- Stanford Gastroenterology and Digestive Health Clinic

420 Broadway St
Pav D 2nd Fl Pod 2 and 3
Redwood City, CA 94063
Tel (650) 736-5555 **Fax** (650) 498-6323

Bio

BIO

The management of inflammatory bowel disease continues to evolve, with the introduction of biologic and small molecule therapies and new goals of treatment, with an emphasis on healing the bowel. My career goal since my graduation from IBD fellowship in 2012 has been to improve the outcomes and quality of life of patients with inflammatory bowel disease. In line with these goals, my research has focused investigating new noninvasive diagnostic test, finding factors early in the disease course that might predict a more aggressive disease course and need for different therapies, and investigating new promising effective medications with less side effects.

CLINICAL FOCUS

- Inflammatory Bowel Disease
- Ulcerative Colitis
- Crohn's Disease
- Colitis
- Microscopic Colitis
- Autoimmune Enteropathy
- diarrhea
- hematochezia
- abdominal pain
- Colonoscopy
- Endoscopy, Digestive System
- Gastroenterology

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Medicine - Gastroenterology & Hepatology
- Member, Stanford Medicine Children's Health Center for IBD and Celiac Disease

ADMINISTRATIVE APPOINTMENTS

- Clinical Director, Inflammatory Bowel Disease, Stanford School of Medicine, (2020- present)

PROFESSIONAL EDUCATION

- Board Certification: Gastroenterology, American Board of Internal Medicine (2011)
- Medical Education: University of California at San Francisco School of Medicine (2005) CA
- Residency: University of Michigan Health System Internal Medicine Residency (2008) MI
- Fellowship: USC Gastrointestinal and Liver Diseases Fellowship (2011) CA
- Fellowship: University of Chicago Advanced Inflammatory Bowel Disease Fellowship (2012) IL
