

Stanford

Henry Bair

MD Student, expected graduation Spring 2022

Bio

BIO

Henry Bair is an MD/MBA candidate at the Stanford University School of Medicine and Stanford University Graduate School of Business. He previously graduated from Rice University in 2017 with a BS in Biochemistry and Cell Biology, and a BA in Medieval and Early Modern Studies. His primary research interest is in utilizing innovative technologies to develop efficient, affordable, and accessible healthcare, both at a systems level and at the point of care. In addition, he is passionate about medical education, especially in improving the patient-provider relationship through cultural competency, reflective practice, and humanistic medicine.
