Bio

BIO

Dr. Lutley is a primary care doctor. He is board certified in internal medicine.

For every patient, he creates a customized care plan. Plans focus on helping each person enjoy the best possible health and wellness.

Dr. Lutley has helped advance care through research. He has shared his research discoveries with his peers in invited presentations. Topics include drug prices in community pharmacies and the quality of interactions between patients and resident physicians.

While an internal medicine resident at Stanford, Dr. Lutley served as a member of the Stanford Ambulatory Care Excellence Program. This initiative aims to enhance the quality of outpatient primary care.

Dr. Lutley helps educate the primary care doctors of tomorrow. He is a clinical assistant professor of primary care and population health in the Stanford Department of Medicine, Division of Primary Care.

Before joining Stanford, Dr. Lutley performed needs assessments and care coordination with local public health agencies in Flint, Michigan.

Recognition for his achievements includes induction in the Gold Humanism Honor Society. This national organization honors senior medical students, residents, teachers and others for excellence in clinical care, leadership, and compassion. Additional honors for Dr. Lutley include induction in Alpha Omega Alpha, the honor society in the field of medicine.

From Stanford University, he received the Julian Wolfsohn Award. This honor goes to residents who demonstrate exemplary professionalism, teaching, and dedication to patient care.

Dr. Lutley is a member of the American College of Physicians.
