

## Daniel Yuhang Li

Instructor, Medicine - Cardiovascular Medicine

### CLINICAL OFFICE (PRIMARY)

- **Medicine**

300 Pasteur Dr Rm JC007

Stanford, CA 94305

Tel (650) 725-5071      Fax (650) 725-8381

### Bio

---

#### BIO

I am a physician scientist in the Division of Cardiology at Stanford. My clinical interest is at the intersection of inflammation, autoimmunity and cardiovascular disease in a field called 'Cardio-Rheumatology'. Patients with rheumatologic diseases typically have an elevated cardiovascular disease risk profile along with an insidious onset. Moreover, with the ever-expanding biologic drug formulary for patients, it is important for us to characterize the cardiovascular effects of these medications. In my research, I believe that understanding how inflammatory and autoimmune mechanisms modify coronary artery disease can help us develop a novel perspective towards treating atherosclerosis beyond lipid lowering. My research goal is to advance novel therapeutics for atherosclerosis by leveraging my expertise in genetics, computational biology, and experience with diverse model organism perturbation models. My strategy employs a 'systems' approach, starting with human population variations at the genetic level and integrating findings across RNA, protein, and model organism studies. This comprehensive synthesis aims to grasp the overarching biological narrative, thereby facilitating the development of translational therapies that transform concepts from bench to bedside.

#### CLINICAL FOCUS

- Cardiovascular Disease

#### ACADEMIC APPOINTMENTS

- Instructor, Medicine - Cardiovascular Medicine

#### HONORS AND AWARDS

- Elaine W. Raines Early Career Investigator Award Finalist, ATVB, AHA (2025)
- K08 Mentored Clinical Scientist Research Career Development Award, NHLBI, NIH (2025-2030)
- Sarnoff Scholar Career Development Award, Sarnoff Cardiovascular Research Foundation (2024-2026)
- Research on Emerging Areas Critical to Human Health LRP Award, NHLBI, NIH (2024-2026)
- Alan Yeung and Sharon Hunt Outstanding Clinical Fellow Award, Stanford, Division of Cardiovascular Medicine (2022)
- Ruth L. Kirschstein National Research Service Award F32, NHLBI, NIH (2022-2024)
- Stanley J. Sarnoff Cardiovascular Research Fellowship, Sarnoff Cardiovascular Research Foundation (2016)

- National Institutes of Health Intramural Research Training Award, NIAID, NIH (2012)

## PROFESSIONAL EDUCATION

- Board Certification, American Board of Internal Medicine , Cardiovascular Disease
- Board Certification, National Board of Echocardiography , Adult Echocardiography
- Board Certification, American Board of Internal Medicine , Internal Medicine
- Fellowship, Stanford University Cardiovascular Medicine Fellowship Program , CA
- Residency, Stanford University Internal Medicine Residency , CA
- Medical Education, Cleveland Clinic Lerner College of Medicine , OH

## Teaching

---

### GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Cardiovascular Medicine (Fellowship Program)

## Publications

---

### PUBLICATIONS

- **Vascular smooth muscle cell state trajectories mediate molecular mechanisms of coronary disease risk.** *Nature communications*  
Li, D. Y., Kundu, S., Cheng, P., Gu, W., Worssam, M. D., Jackson, W. R., Zhao, Q., Nguyen, T., Yu, A. M., Monteiro, J. P., Caceres, R. D., Dale, S., Palmisano, et al  
2026
- **Single Cell and Spatial Transcriptomics Identify Novel Immune-Stromal Interactions in Cardiac Allograft Vasculopathy.** *Research square*
