Bio

BIO

Julie Chen, MD, is a clinical assistant professor in endocrinology at Stanford University. Dr. Chen graduated from Albert Einstein College of Medicine. She then completed her internal medicine residency at the University of California, San Diego and endocrinology fellowship at Stanford University Medical Center. She is double board certified in internal medicine and endocrinology.

Dr. Chen practices general endocrinology but her clinical interest include thyroid disease/thyroid cancer, pituitary disease, and disorders of the bone. She also has a special interest in medical education and has developed online teaching resources for the endocrine fellowship program.
