Publications

PUBLICATIONS

- **A class of secreted mammalian peptides with potential to expand cell-cell communication** *BioRxiv*
Wiggenhorn, A. L.
2023
- **A new strategy of characterizing hydrocarbon fuels using FTIR spectra and generalized linear model with grouped-Lasso regularization** *Fuel*
Wang, Y., Wei, W., Zhang, Y., Hanson, R. K.
2020: 119419
- **On estimating physical and chemical properties of hydrocarbon fuels using mid-infrared FTIR spectra and regularized linear models** *Fuel*
Wang, Y., Ding, Y., Wei, W., Cao, Y., Davidson, D. F., Hanson, R. K.
2019; 255: 115715
