Stanford

Mohammad Aljubran

Ph.D. Student in Energy Resources Engineering, admitted Spring 2020

Publications

PUBLICATIONS

- **Surrogate-Based Prediction and Optimization of Multilateral Inflow Control Valve Flow Performance with Production Data** *SPE PRODUCTION & OPERATIONS*
  Aljubran, M., Horne, R.
  2021; 36 (1): 224–33

- **Prediction of Multilateral Inflow Control Valve Flow Performance Using Machine Learning** *SPE PRODUCTION & OPERATIONS*
  Aljubran, M., Home, R.
  2020; 35 (3): 691–702
