Bio

BIO

Dr. Diana Atashroo is coming to Stanford Hospital from NorthShore UniversityHealthSystem in Illinois, affiliated with the the University of Chicago-Pritzker School of Medicine.

Dr. Atashroo sees patients for general gynecology and a variety of other complex gynecologic issues. Her expertise includes evaluation and management of complex pelvic pathology and pelvic pain. Her special interests include: pudendal neuralgia and other peripheral neuropathic pain conditions, pelvic floor muscle spasms, vulvodynia, pelvic congestion syndrome, endometriosis, and interstitial cystitis. She also performs minimally-invasive gynecologic surgery, including laparoscopic and robotic procedures. She has special skills in ultrasound-guided peripheral nerve blocks, office procedures, and Botox trigger point injections.

She has leadership roles within AAGL (American Association of Gynecologic Laparoscopists) and IPPS (International Pelvic Pain Society) and has presented on various topics related to pelvic pain.

Dr. Atashroo is committed to furthering the well-being of women, and strives to provider her patients with an individualized and comprehensive approach.
